Re: Mark Alexander, CCIM

To whom it may concern:

I recently used Mark's brokerage services to help me structure a sale/leaseback on my Cape Coral medical office building. Coming out of this recession, I was not sure what to expect. But I was pleased with the final results.

Alexander was able to guide me by sharing stories of other doctors in a similar position who had successfully completed profitable sale/leaseback transactions on their medical buildings.

My building sold for 100% of list price. I would recommend Mark Alexander to any medical group looking to create the best possible price for their medical office building.

Cordially,

Alexander Lozano, MD, FACS
