Reference: Mark Alexander CCIM

To whom it may concern,

My partners and I recently sold our Gladiolus Surgery Center in Fort Myers, Florida for \$3,850,000 or \$526 per square foot.

Our broker was Mark Alexander who I have known personally for a number of years. He did a good job for us and even recommended a real estate attorney who specialized in medical office sales.

Without reservation, I can recommend Mark to any physician seeking best possible value for their surgery center.

Sincerely,

Ric Maribona DPM
